A warm welcome always awaits you at Lee Abbey London. You'll quickly feel right at home.

Live out your faith in a passionate and caring Christian community. Develop your skills and learn new ones as you help serve up to 170 students from around the world.

As a key member in a close-knit team you will be involved in either housekeeping, reception or maintenance teams.

Other activities include daily corporate worship and prayer, hospitality to students and guests, and personal discipleship.

You will receive a shared room on-site and a weekly allowance. Freshly cooked food is prepared daily on the premises including vegetarian options.

The private garden at the rear provides a place of tranquility and calm in a bustling city.

We also provide you with discipleship training, practical theological grounding and life coaching to help you grow individually and in your walk with God.

This gives you further confidence to share your story with others as you develop in your faith.
